*I value collaboration, authenticity, and compassion.
I am driven, creative, bold, observant, and fun.*

EXPERIENCE

Nov 2023

UX/UI Designer | Mind Support

Remote

- Took charge as the lead UX designer, managing project details like timelines, goals, client expectations, and feedback.
- Used Figma to build design assets, including wireframes, style guides, icons, and illustrations for both the mobile app and website.
- Collaborated with the front-end developer, providing design specs and assets for smooth integration.
- Offered assistance with branding exploration.

May 2023

Jan 2023

UX/Visual Designer | Pacific Paradise

Remote

- Designed a mobile app for a family restaurant to enhance their carry-out ordering system.
- Conducted user interviews to uncover pain points in the existing process and performed usability testing using wireframes with restaurant customers.
- Explored various UI strategies and finalized high-fidelity prototypes based on client feedback.
- Collaborated with a developer and gathered feedback to ensure design feasibility.
- Crafted illustrations and digital content for marketing initiatives.

Sep 2022

Nov 2022

Architectural Designer + Project Coordinator | CAST

Seattle, Washington

- Communicated project requirements, statuses, and issues related to project delivery with all stakeholders, including clients, consultants, product representatives, and municipal staff.
- Actively contributed in the development of two houses and a detached accessory dwelling unit.
- Prepared schematic design packages and construction documents, covering interior and landscape design, custom casework, virtual walkthroughs, assembly details, schedules, and specifications.
